Date: 25th June 2021

Dear Parents and carers.

This last few weeks has been unexpectedly stressful for so many members of our school community. We have had to close several classes and we have been running the school at times on a skeleton staff. We are determined to keep school open if we can. We came close to closing at one point but we have made it through another week! Thank you for your support and understanding with this.

We would like to reassure you that everyone in Manchester's education community is working together as hard as they can during this time to ensure the wellbeing and safety of our children. As we try hard to keep school a safe space for children during this pandemic it has become apparent over the last couple of weeks that the rates of Covid are rising within our community.

We have already had to close bubbles and some of our normal routines and procedures may not be the same as more people isolate, staff as well as children. If we follow the guidance hopefully we can keep our transmission rate down to a minimum, therefore It is important that we continue to follow guidance and test all who show symptoms and to isolate those who are contacts of positive cases as soon as possible.

We all are working together as a school community to help to limit the transmission of Covid. We thank you for your continued support and hope you all remain safe.

Any issues please contact school on 01612053397 or email admin@lilylane.manchester.sch.uk

Kind Regards

Julia Clark

Ghyll Head Trip

Next week, Year 6 will be going to Ghyll Head which is set in the heart of the Lake District National Park, on the edge of Lake Windermere, this fantastic location and environment is a great way to experience the great outdoors.

The children will experience a fun, engaging and full of action-packed adventure! They will have access to great water sports, journeying on the England's largest lake and they be exploring the great outdoors. They will develop a love and understanding of the great outdoors and more importantly, their confidence and their team building skills.

Timetable for the week:

Tuesday 6C

Wednesday 6H

Thursday 6R

Friday 6S

Children will arrive at school at 7:15am ready to leave at 7:30am. They will return to school at 9:00pm.

Parent Questionnaire

As we approach the end of the school year we are already making plans for September and the next academic year (2021/2022).

On Monday we will be sending out a questionnaire to every family so that we can hear your views about the timing of the school day and arrangements for the beginning and end of the school day (including early close Friday enrichment clubs, breakfast club and after school club).

The questionnaire will be sent electronically but will also be available as a paper copy from Tuesday. There will be a prize draw for completed questionnaires.

Maths Market Week- Week beginning 28th July

We are very excited to announce that Maths market will going ahead this year! Children will be doing fun maths related activities throughout the week. They will be decorating their stall, designing maths games and will be creating items to sell on their stalls.

Unfortunately, this year will be unable to invite our families due to Covid-19, however you can at home join in by talking to your child about their ideas for the stalls and sharing some of your own with them, which they can use in the classroom.

We will have our own Lilylane currency this year! Each child will be given two tokens to spend as they wish on the stalls to the value of 40p. Children can bring in up to £2 from home, which will be exchanged for Lilylane currency. They can bring their money in from Monday 28th June and the market will take place on Thursday 1st July.
