Introduction

At the CLIC Trust we believe in creating a culture that is safe and inclusive. A Staff Code of Conduct is designed to give clear guidance on the standards of behaviour all school staff are expected to observe. School staff are in a unique position of influence and must adhere to behaviour that models the highest possible standards for all the pupils within the school. As a member of a school community, each employee has an individual responsibility to maintain their reputation and the reputation of the school, whether inside or outside of working hours.

In line with the Education Act 2002, the Board of Trustees of The CLIC Trust have a duty to exercise their function with a view to safeguarding and promoting welfare of children.

This obligation is further outlined within the statutory guidance, 'Keeping Children Safe in Education' September 2018 (to which all schools must have regard) which stipulates the role that school staff must play in safeguarding pupils. Furthermore, in line with this statutory guidance, schools should have a staff behaviour policy or code of conduct, which should be provided to all staff.

In order to adhere to these obligations and to ensure that safeguarding children is at the focus of our school, this code of conduct has been compiled.

This Code of Conduct applies to employees, supply staff and governors of the school. Throughout this policy the use of the term school includes academies. The term 'staff' is used to apply to all of the individuals listed above. Any reference to the governing body includes governing boards and/or Trustees where appropriate and the term Headteacher includes Executive Headteacher where appropriate.

This policy must be read in conjunction with the school's safeguarding/child protection policy and e-safety policies, social media policy, health and safety policy, whistle blowing policy, gifts and hospitality policy and disciplinary policy. These policies can be found in the schools' Central Resource Library's (CRL) and are on Every.education that all staff have access to. If you can't access this platform, please contact your headteacher immediately and paper copies can be made available.

Objective, Scope and Purpose

The code of conduct establishes the clear standards of behaviour that are expected of all school staff, and clearly enables staff to understand what is and is not acceptable.

The purpose of this code of conduct is: -

- to ensure that staff to act as role models within their professional capacity;
- to ensure that staff maintain their own professional reputation;
- maintain the reputation of the school and;
- to ensure that conduct and behaviour of all staff both safeguards and sets the example for pupils and students.

Staff should understand the responsibilities and behaviours that are a fundamental part of their role in school. This code of conduct cannot be exhaustive. In addition to the actions and behaviours identified within this code of conduct, staff should ensure they continuously exercise their professional judgement in work and their personal life and avoid any conduct which may be in contravention with their professional role and responsibilities, and/or the ethos of the school.

In addition to this policy, all staff employed under Teacher's Terms and Conditions of Employment have a statutory obligation to adhere to the 'Teacher's Standards 2012' and in relation to this policy, Part 2 of the Teachers' Standards – Personal and Professional Conduct.

In addition to this policy, it is expected that Teaching Assistants will adhere to the non-statutory 'Professional Standards for Teaching Assistants 2016' and in relation to this policy, Part 1 of the TA standards – Personal and Professional Conduct.

For staff employed as Higher-Level Teaching Assistants, in addition to this policy, they must adhere to the 'Professional Standards for HLTAs 2003' and particularly in relation to this policy, Section 1 of the HLTA standards – Professional Values and Practice.

School staff work within the public sector, delivering public education, and are consequently accountable for the ethical and high-quality delivery of this public service. Therefore, in addition to this policy, staff are expected to adhere to the 7 principles of public life (the Nolan principles 1995), established by the Committee on Standards in Public Life; selflessness, integrity, objectivity, accountability, openness, honesty and leadership.
