

Our community is: **Stronger Together**

We will seek to be:

Supportive: we work hard to provide support and inclusion for all

Kind: we communicate kindness and care in everything we do

Inspiring: our curriculum and learning opportunities will inspire and engage all learners

Determined: we will strive for excellence in everything we do

Unique: we *will be* proud of our unique and diverse community and the curriculum that we offer

Our vision is to provide an **inspiring** curriculum that will engage all learners to be successful and proud within their learning at school and beyond. We recognise that our community is diverse and **unique** and we will nurture and celebrate this so that children, staff and families feel proud. With our words and actions we will be **determined** to strive for excellence for our children and their community. By ensuring **support and kindness** for all we will flourish and grow.

We will do this through:

- A rich and exciting curriculum that reflects our community and extends children's experiences within and beyond
- Access to a range of opportunities within the performing arts so that all children can develop their creativity and self-expression
- Inspiring learners to be engaged and take ownership of their learning as they grow
- Taking care of everyone's health, wellbeing and safety in our plans, words and actions, providing specialist support where it is needed
- Tailored support for children who have additional needs: learning, physical, medical or with language
- Removing barriers to success and wellbeing for our children and families
- Nurturing and listening to all, recognising the value that every contribution brings
- Engaging with our families and the community so that the school benefits from their special contribution
- Using our individual skills as a team so that we are stronger together
