

Complete as many challenges as you can over this half term. We can't wait to see the results in the final week when we all share what we have made and learnt.

Visit Maths.co.uk using the login you have been given and complete the online Maths quizzes.

Design an experiment to answer a scientific question you wonder about.

If you have one, work through your revision books.

Create a fact file for an animal found in North America.

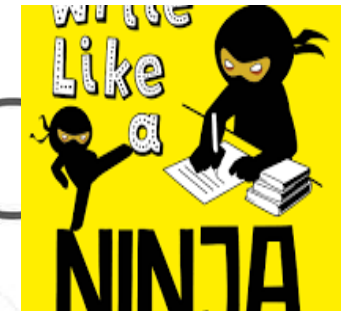

Make your own version of the 'Write like a Ninja' book. How many grammatical terms can you remember?

Draw and label the flags of the countries in North America

Practise your times tables. This could be by drawing a poster, writing flashcards and then get a grown up to quiz you or using TTRockStars.

Create an advert persuading people to visit North America.

Create a piece of art out of nature. Research Andy Goldsworthy to get inspiration.

Watch Newsround. Create your own news report. This could be about something real or made up!
